Tallahassee, FL 32317

Thank You...

Your generosity to the Disabled American Veterans National Service Foundation, which totaled \$250.00 as of September 30, 2009, is setting an example of patriotism, concern and compassion. That's why I had the enclosed Distinguished Certificate prepared in your honor.

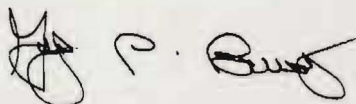

You've shown keen awareness of the needs that disabled veterans face in today's challenging world. Yet, you've done so much more than that. As a thoughtful person of foresight, you've looked to the future. You've seen that our youngest disabled veterans will need DAV services throughout the 21<sup>st</sup> century, and you've acted out of conviction through your support of the DAV National Service Foundation!

I hope you will accept the enclosed certificate in recognition of your selfless giving and display it in a place of prominence. When others see it, you'll have opportunities to share the many reasons why you support the DAV National Service Foundation. You can tell them why you want to ensure the security of America's disabled veterans and their families.

Thank you once again for your great kindness to all veterans who came home from the military service, having sacrificed blood and health in our country's defense. Your loyalty to their cause – like your partnership with the DAV National Service Foundation – gives me strength as I look toward the uncertain years ahead. Together, you and I are building a bright future for all disabled veterans!

I look forward to your continued support of the Foundation's essential work, making sure the DAV is strong today, tomorrow, and always.

With Sincere Gratitude,

GARY P. BURNS  
President
